*Sustainable Laboratories And Related High-  
Technology Facility Design, Engineering,  
and Operation*

***Philip Wirdzek, President and Executive Director***  
***May 12-13, 2014***

# I<sup>2</sup>SL Vision and Mission

- Vision
  - To enable a global network of collaboration to move laboratories and other high-technology facilities into balance with the natural world, available resources, and a flexibility that maintains and exceeds the technological standards necessary to meet their purposes over time.
- Mission
  - Building upon Labs21 to educate, share, and promote the development of sustainable high-performance facilities worldwide.

I<sup>2</sup>SL

## Sustainable Laboratory Times

- Informative Quarterly e-Newsletter
- Industry Updates
- International Communications
- News from Members and Chapters
- Up-Coming Events
- Technology Updates
- Technical Support
- Course Work and Webinars

# I<sup>2</sup>SL Annual Conference

2014

September 22–24

Orlando, Florida

## I<sup>2</sup>SL Initiatives

- O&M (NIBS, IFMA and Laney College)
- BIM (*partners are NIBS and IFMA*)
- Lab-CPIP (*academia and industry*)
- Metering and Sub-Metering (*industry*)
- 3rd Party Financing (*industry and US DOE/FEMP*)
- Research Universities Review (*academia*)
- Student Design Competitions
