

# WATER ENERGY FOR FLORIDA & THE USA

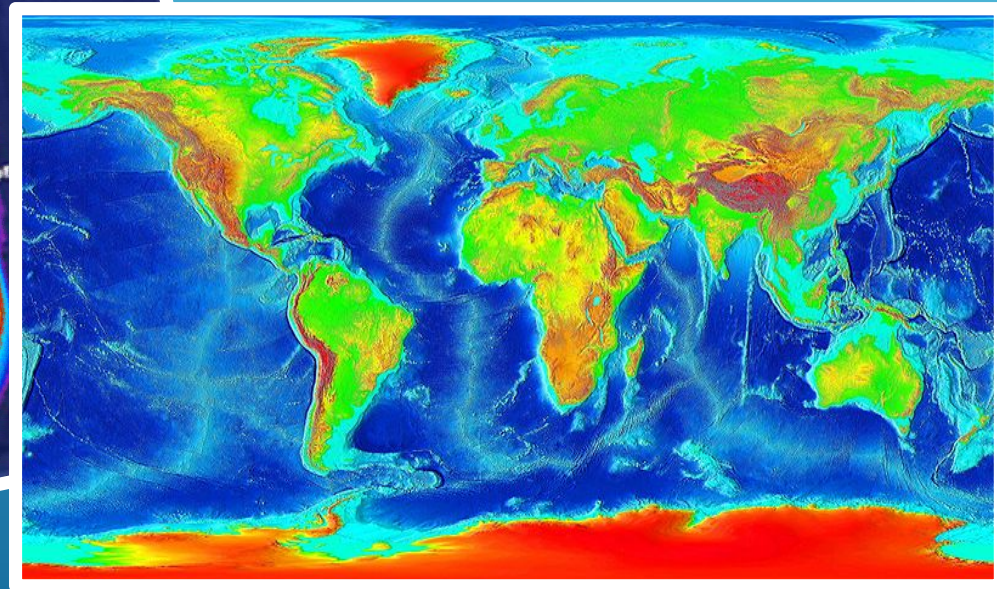

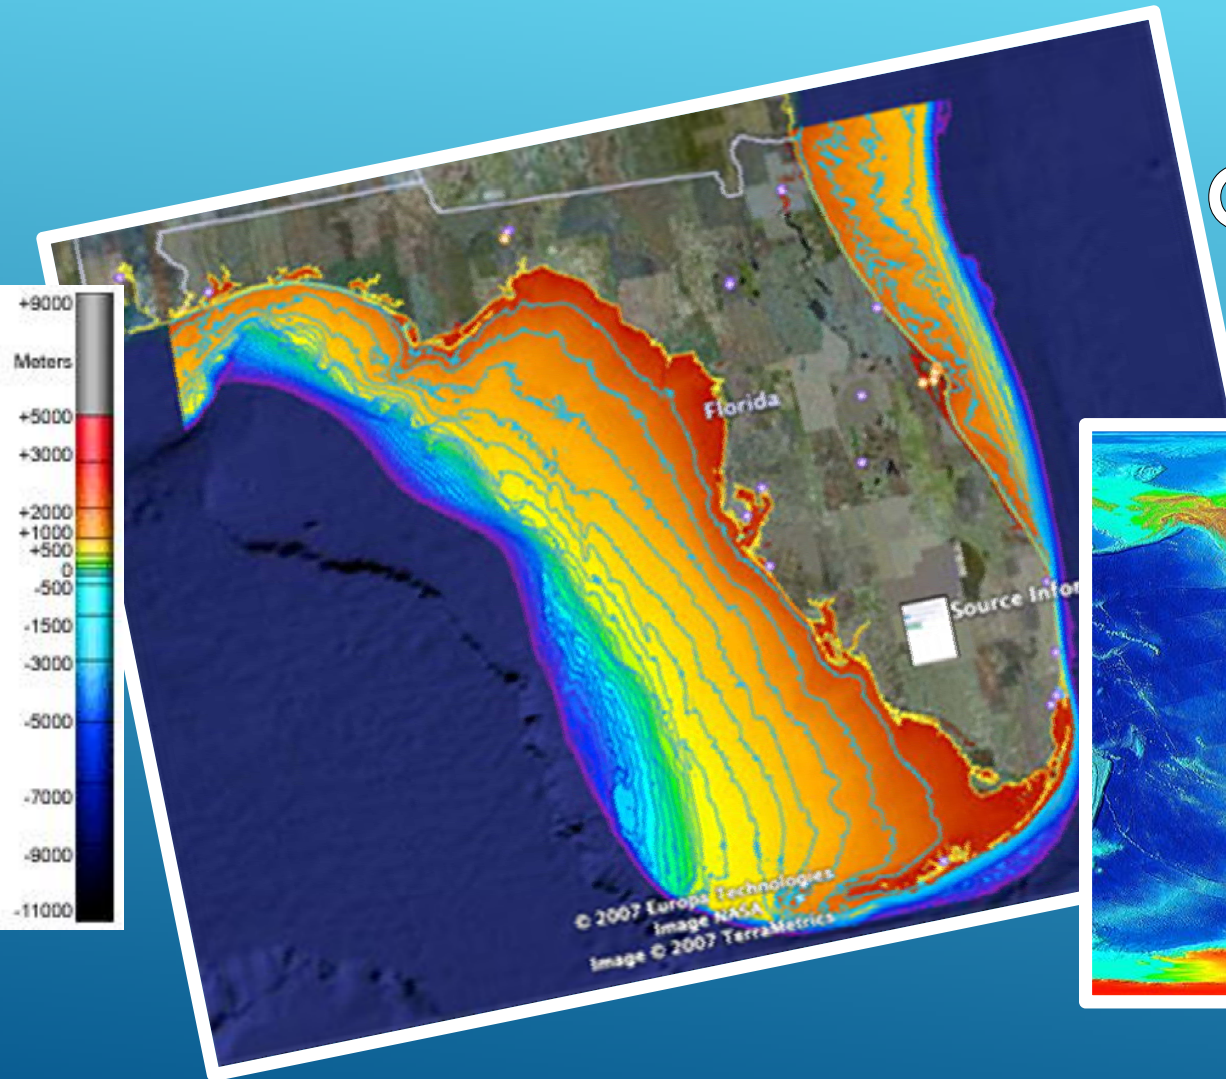

George M. Meyer

Over 70% of the Earth's Surface  
is Covered in Water; Lets Use it!

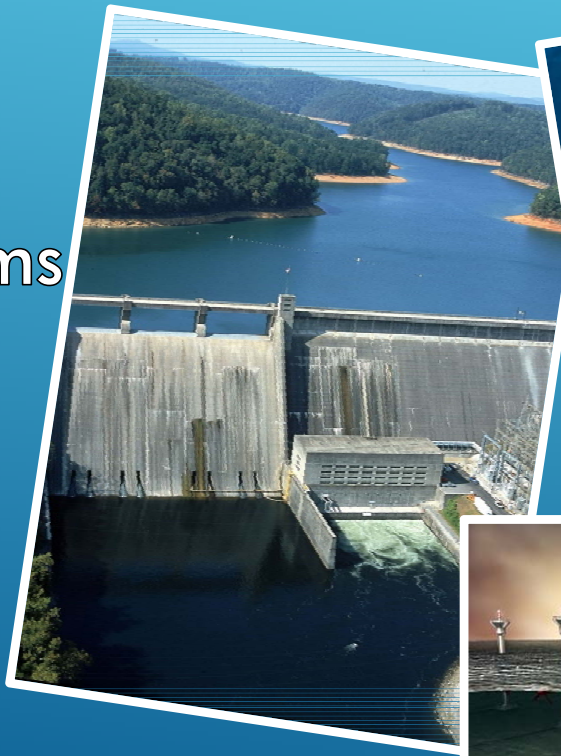

# FLORIDA'S CONTINENTAL SHELF

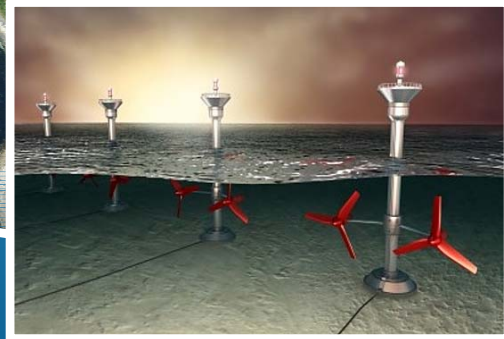

# DIFFERENT TYPES OF HYDROPOWER PLANTS (HPP)

Rivers  
and  
Streams

Oceans

Many Sizes and Shapes

# ELECTRIC VEHICLES AND PLUG STATIONS...THE FUTURE

- Oil Companies Can Facilitate Plug Stations at Existing Gas Stations
- Water is Cheaper, Renewable and Predictable Therefore Low Overhead Costs
- Oil Companies Can be a Part of the Future
- Stable Price for the Consumer; No Fluctuations in Price from Hour to Hour
